

BCCS

Breast & Cervical Cancer Screening Services

Surviving breast and cervical cancer depends on how early it is detected. The best method to detect breast or cervical cancer in its early stages is through regular screening.

BCCS offers the following clinical services to uninsured, lower income (at or below 200% of the poverty level) eligible women throughout Texas at a low cost :

- Clinical Breast Examinations
- Mammograms
- Pelvic Examinations
- Pap Smears
- Education
- Referrals for cancer treatment

Special BCCS Clinics scheduled monthly
